Superintendent of Police (Crime)
& PRO, PHQ
Nagaland, Kohima

PRESS RELEASE

DGP Nagaland and senior officers of PHQ takes the 2nd Dose of Covid 19 vaccine.

Vaccination will be compulsory for all personnel of Nagaland police.

1. The Covid 19 vaccine is not a preventive measure. So all SOP for prevention of Covid 19 like wearing of masks etc are still mandatory for all, even for those vaccinated.
2. The vaccine is taken to help our immune system to grow antibodies against the disease. Once the vaccination regime is over, your body's immune system will be ready to deal with Covid 19 virus in case you get infected . This is the most effective way to kill the virus completely. .
3. Vaccinations are a time tested method to manage pandemics. Historically, vaccination was the way humanity defeated many deadly diseases like Small pox, Measles, Polio etc. Today new born babies are given vaccines for the most deadly diseases. So it is a proven methodology.
4. All Unit Commanders ensure that all personnel are vaccinated .

Superintendent of Police (Crime)
& PRO, PHQ
