

**CHIEF MINISTER  
NAGALAND  
KOHIMA**

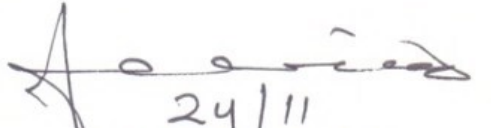

24<sup>th</sup> November, 2021

**MESSAGE**

1. I am happy to know that the Home Guards, Civil Defence & State Disaster Response Force Organisation is observing its Raising Day on the 6<sup>th</sup> of December, 2021, all over the country.

2. This organisation has been doing yeomen's service to the nation for the past many years since its raising. In times of emergencies, caused by accidents and natural disasters, the organisation never fails to respond to the needs of the situation; rendering timely and invaluable help to those in need and in distress. During normal times, they conduct disaster response awareness campaigns, and educate the people on how to respond and react in times of emergencies. They also help the state police force in many other ways, including traffic control in cities. I appreciate the good works rendered by the organisation.

2. I extend my warm greetings to the organisation on the occasion of their raising day, and also send my best wishes to the officers, rank and file of the organisation in their noble mission to help humanity.
