STATE PLAN (DIVISIBLE POOL):

NABARD Negotiated Loan: Community Agricultural Farm Roads:

The department is creating community agri farm road across 10 districts during 2025-26. The project comprises 29 agri link roads with a cumulative length of 58.67 km.

Agri Park Complex at Naga Heritage Village, Kisama:

- Construction of the complex underway. Project includes a multi-purpose pavilion with 15-20 display compartments, spaces for buyer-seller meets and farmer-scientist interactions, food courts, a farmer's dormitory and a mini conference-cum-utility hall.

Education & Training: Activities During (2025-26):

- Undergraduate Programme: 189 B.Sc. Agri. (Hons) students enrolled in various Agricultural Universities and Colleges.
- Postgraduate Programme: 78 M.Sc. Agri. students sponsored.
- RAWEP: Contributed 25% of state share, supplementing ICAR's 75% share for B.Sc. Agri. final year students.
- Training of Officers and Functionaries: Sponsored officers and field functionaries for online and offline trainings.

CENTRALLY SPONSORED SCHEMES (CSS):

AGRICULTURAL ECONOMICS AND STATISTICS (MAJOR ACTIVITIES):

- Collect and compile data on area, production and yield of all principal crops.
- Conduct 'Crop Cutting' Survey for yield estimation.
- Collect weekly Weather Watch Report on crop conditions and other factors.
- Compile Agricultural Village Profile data.

Digital General Crop Estimation Survey (DGCES): To support policy decisions related to procurement, trade, food security, marketing and farmer.

Establishment of Agency for Reporting Agricultural statistics (EARAS): Implementing the CSS for Improvement of Agricultural Statistics through the EARAS with 100% Grand-in-Aid from the Ministry of Agricultural & Farmers Welfare, GoI to strengthen agricultural data collection and reporting systems.

AGRICULTURE CENSUS:

- The Government of India conducts Agriculture Census as part of the World Census of Agriculture (WCA) on recommendation of Food and Agriculture Organisation (FAO) of the United Nations.
- Introduced several new initiatives in input survey 2022-23 to enhance data collection.
- Estimated final data of the Input Survey (Phase III) provisionally finalized during Regional Workshop held in Sept. 2025.

RASHTRIYA KRISHI VIKAS YOJANA (RKVY):

Implemented by the Agri & Allied department along with two Missions, Marketing Board and Agriculture department as the nodal department.

RKVY – DPR

RKVY- Promotion, Strengthening and Conservation of Traditional/ Indigenous Crops:

- Implemented various interventions to enhance traditional crops like Job's tear, Kholar, Colocasia, Sticky millets, Perilla and Naga chilli among others.
- During 2025-26, utilized Rs. 90 lakh to cover 900 ha. across 16 districts and 22 sub-divisions for promotion, strengthening and conservation of traditional crops.

RKVY – Promotion of TLS and Cash Crops: TLS aims to enhance seed accessibility for farmers, reduce input costs and promote sustainable agriculture practices across Nagaland. Distributed 116.66 MT of ginger during 2025-26 to potential areas across the State, benefiting approximately 1,350 farmers.

RKVY – Integrated Pest Management (IPM): In 2025-26, conducted 38 Farmer's Field School across districts and sub-divisions. Distributed bio-pesticides and sprayers to participating farmers.

RKVY- Agriculture Marketing: Facilitates marginal farmers in selling surplus produce timely and profitably, enhancing the rural economy. During the reporting period, 9 Agricultural Marketing Sheds and 4 Collection Centres were established across the State.

RKVY – Strengthening of Integrated Extension Training Centre and State Agriculture Research Station:

Integrated Extension Training Centre (IETC), Medziphema:

- Provides a two-years certificate course in Agriculture for 10+2 unemployed youths. The Institutes conduct capacity-building and skill up-gradation programmes sponsored by Agriculture and Allied Departments under Central & State development schemes.
- National and State institutions located within and around the campus are-
  1. ICAR Research Complex for NEH Region, Nagaland Centre
  2. ICAR-National Research Centre on Mithun
  3. Central Institute of Horticulture (CH), Medziphema
  4. Veterinary Field Assistant Training Institute, AH&VS, Govt. of Nagaland
  5. State Agricultural Management and Extension Training Institute (SAMETI), Extension Reforms, MoA&FW, GoI.

State Agriculture Research Station (SARS), Yisemyong:

- Conducted variety trails and demonstrations on kharif and rabi 2025-26.
- Maintains crop germplasm conservation, both in situ and ex-situ through field maintenance and genebank preservation during the year.
- Produced seeds and planting materials for various crops during the year under Seed Production and Agro Forestry Nursery.
- Provided internship to students from two colleges within the district and students from other state.
- Conducted various trainings and exposure visits for farmers and students at the station.

Strengthening of Agriculture Laboratories:

Tissue Culture Laboratory, Chumoukedima:

- During 2025-26, undertook micro-propagation of two banana varieties- G-9 and Jahaji and local ginger variety from Peren District. Training on "Micro-propagation of Banana and Standardized Tissue Culture Protocols" were conducted and conducted a three-week internship programme for B.Sc students from St. Joseph's Collage, Jakhama.
- ***Production details during 2025-26:***

Sl.	*Crop*	*Variety*	*Quantity Produced*
1	Banana	G-9	2000
2	Banana	Jahaji	1500
3	Ginger	Local	1000

Agriculture Soil Chemistry Laboratory, Medziphema: Analyses soil samples for nitrogen (N), phosphorus (P), potassium (K), soil pH and organic carbon percentage, providing farmers with recommendations for better soil management. It also conducts trainings for Agriculture Extension trainees. 3,247 soil sample tested during 2025-26.

Bio Control Laboratory, Medziphema:

- Laboratory operates through two major sections- Entomological Section where bio-agents produce are used for the control of lepidopteran pests affecting cereals and vegetables and Microbiological Section whose products are effective in managing soil-borne diseases.
- ***Production during 2025-26:***

Sl.	*Name of Bio control agents produced*	*Production Capacity*	*Total annual production*	*Crop Covered*	*Area covered in ha. (approx.)*
1	Trichograma spp	20,000 cards	18,000 cards	Cereals, pulses and vegetables	3600 ha
2	Trichograma spp	5000 kgs	3584 kgs	Cereals, pulses spices and vegetables	700 ha
3	Pseudomonas florescence	1000 kg	624 kgs	Cereals, pulses spices and vegetables	100 ha

Seed Testing Laboratory, Dimapur: Annual testing capacity of 5,000 seed samples. Conducts testing of seed samples for germination, physical purity, moisture content, vigor, viability and seed health. 1,113 seed samples tested successfully during 2025-26.

Bio-Fertilizer Laboratory, Medziphema: Produces bio-fertilizers like Rhizobium, Azotobacter, Phosphotika and Azospirillium for cereals, vegetables, oilseeds, pulses and other crops. During the current year, Azolla multiplication units, a vermicomposting unit and a waste decomposer house were established. Conducted trainings for farmers, ATMA functionaries, students and research scholars. Participated in Nagaland Potato Festival, Jakhama and the Hornbill Festival, 2025.

RKVY – APP

Rainfed Area Development (RAD): In 2025-26, implemented 50 clusters; the programme covered an area of 3,637.60 ha, benefiting 2,496 farmers.

Agroforestry (Activities undertaken during 2025-26):

- Establishment of small nurseries: Government Agencies- establish 1 small nursery under the Government agency component; Non-Government Beneficiaries- 7 beneficiaries across seven districts received financial assistance.
- Production of Quality Planting Material (QPM): 17,000 saplings were produced at SARS, Yisemyong.
- Distribution of Saplings: Saplings distributed to 100 farmers during the year under review.
- Research and Development: Implemented project titled "Revitalizing Rural Development through Agroforestry: A Soil Health and Predictive Modelling Approach" by SARS, Yisemyong which is ongoing and is scheduled for completion by the end of FY 2025-26.

RK Per Drop More Crop (PDMC):

- Launched under PMKSY in 2015-16, this scheme focuses on the promotion of Micro Irrigation technologies to optimize water use and improve agricultural productivity.
- Implemented PDMC scheme under two major components: Micro Irrigation (MI) and Other Interventions (OI).

- ***Activities during 2025-26***

Sl.	*Component*	*Area covered (in Ha.)*
1	Drip Irrigation	980
2	Sprinkler Irrigation	896
3	Dugout pond/Check dams/percolation tank/ embankment/soil & moisture conservation	125
4	Construction of concrete secondary storage structure	40
5	Distribution of pipe	270
6	Water lifting device	167
7	Restoration/renovation of small tank	130

Sub-Mission on Agricultural Mechanization (SMAM): Launched in Nagaland in 2014-15 and extended to all districts by 2017-18. It aims to increase access to farm mechanization, promote Custom Hiring Services and to create awareness through demonstration, capacity building and Information, Education and Communication (IEC) activities.

Achievements during 2025-26:

- Increased farm power availability from 0.507 kW/ha in 2018-19 to 0.740 kw/ha in 2025-26. Ongoing efforts to enhance to 0.750 kW/ha by 2026-27 in alignment with the GoI's goal of achieving 75% mechanization in Indian Agriculture by 2047.
- Distributed tractors, power tillers, brush cutters, rice/maize mills, rotary tillers, millet mills, water pumps etc.
- 38 Farm Machinery Banks were established across all districts and sub-divisions, benefiting women Self Help Groups and societies.
- Conducted training on basic handling and management of farm machinery.

KRISHONNATI YOJANA (KY)

State Extension Programmes for Extension Reforms - Sub-Mission on Agriculture Extension (SMAE): It aims to promote a decentralized, farmer-driven, and farmer-accountable extension system though ATMA at district level.

- Activities conducted under ATMA during 2025-26: Total of 3475 activities benefiting 134074 beneficiaries. The activities included State level Activities, Farmer Oriented Activities (SREP), Training of Farmers, Demonstration, Exposure visit of Farmers, Mobilization of Farmers Group, Farm Information Dissemination, Agriculture Technology Refinement, Validation and Adoption, Farm School, Farmer Friend and other innovative activities.

National Food Security & Nutrition Mission (NFSNM)
Implementation in Nagaland:

- NFSNM major interventions include Garden Pea (Arkel & GS-10), Maize (HQPM 1 & HQPM 5), Manual Sprayer, Paddy (MUT 1010 & IR 64), Neem oil, Minchu Plus, Conoweeder (Finger), Bio Fertilizer, Vermi Compost, Demonstration Training etc., Water Harvesting Structure, TLS (Kholar, Rice Bean, Millet).
- Implementation of NFSNM during 2025-26 contributed to- improved crop productivity, adoption of sustainable and climate-resilient practices, enhanced soil health, strengthened livelihood security of farmers in the State.

Sub-Mission for Seeds and Planting Material (SMSP)

- Implemented since 2014-15 under NMAET, SMSP covers the entire seed production chain, ranging from nucleus seed production to the distribution of certified seeds to farmers. Also supports creation of seed sector infrastructure, capacity building of public seed-producing organizations, improvement in seed quality, and the establishment of seed reserves to address exigencies arising from natural calamities. SMSP have since been merge with NFSM and renamed as NFSNM.
- Achievement during 2025-26: Field pea - 33 seed villages, maize – 30 seed villages.

PROTECTION OF FORESTS & WILDLIFE

The Department focuses on conservation and protection of forests & wildlife. Works closely with Civil Administration and Police.

- Forest Fire Prevention and Management Scheme (FPM): Based on National Forest Policy 1988; aims to maintain ecological balance and meet rural needs (fuelwood, fodder, etc.); 90:10 % fund sharing scheme.

FORESTS POLICY

- National Forest Policy, 1988: Aims to attain one third of the geographical area under forest cover by 2012 (33% in the plain areas and 66% in the hills).
- State's Objective: Aims to convert jhum land into economically and ecological sustainable woodlands, regulate forest resource harvesting on sustainable principles, protect and conserve flora and fauna (including endangered species) and ensure scientific in-situ conservation and management of biodiversity both within and outside reserved forests and sanctuaries.

FOREST RESEARCH: SILVICULTURE DIVISION

Head-quartered at Kohima, this division plays a pivotal role sustainable forest management and ecological conservation.

- **Botanical Garden:** Spanning 8,3475 hectares in Kohima, it is a hub of biodiversity, featuring rare and endangered plant species, and serves as a Center of Excellence for educational and research activities.
- **Central Nursery:** Located in Kohima, it caters to the seeding requirement of various institutions, NGOs, SHGs, and the general public.
- **Orchidarium:** The Division maintain an orchidarium for conservation and propagation of different orchid species by adopting various means in-situ conservation methods.
- **Training and Educational Programs:** During 2025-26, hosted 480 scholars, trainees and students from institutions, providing hands-on forestry training that enhanced practical skills, deepened understanding of forest conservation and management and complemented academic study tours through field-based learning experiences.
- **QR Tagging of Tress:** Initiated a QR-based tree tagging system in Botanical Garden, covering around 100 trees, allowing visitors to scan codes for instant access to detailed information on species, ecological importance, traditional uses and conservation status, thereby enhancing environmental awareness through an interactive blend of technology and nature,

- An exercise undertaken to reduce the cost involved in the intra-state movement on transportation of food grains under NFSA by opting for the shortest possible route to reach destinations without considering the district administrative

jurisdiction of the State taken up jointly by United Nation World Food Programme (UNWFP), Foundation for Innovation and Technology Transfer-Indian Institute of Technology (FITT-IIT) and Food & Civil Supplies Department, Nagaland.

- Exercise involves GSI mapping of all the FCI godowns, State Depots and the Fair Price Shops in the State and the data is integrated into a software/tool to analyse the shortest route to reach the destinations. Exercise is categorized as - L1: FCI Depot to State Depot and L2: State Depot to Fair Price Shops.
- Data entry process for the software/tool has been started and results on cost saving achieved through the exercise is expected soon.

Price Monitoring Cell (PMC):

- The Department of Consumer Affairs monitors daily retail and wholesale prices of essential food items through Price Monitoring Centers (PMCs) nationwide, ensuring streamlining the process of price data reporting, monitoring and analysis of essential food commodities.
- Introduced in 2012-13 and modified for implementation period April 2021 to March 2026 with two components – Strengthening PMC at the State/UTs and strengthening MC at Centre.
- In Nagaland, 16 PMCs enter price data on 40 commodities via the Ministry's Mobile App.

Important Portals:

- Beneficiaries can visit the portal at https://epos.nagaland.gov.in/scm and https://nl.smartpds.nic.in/ to check the details of NFSA Allocation, Supply Chain, Ration Card, Online sales and other services.
- To check the details of food grains transaction through Electronic Point of Sale (ePoS) devices, information can be obtained online at the portal http://epos.nagaland.gov.in.
- To check the details of food grains transaction through "One Nation One Card" (ONORC) i.e. Implementation of Ration Card Portability "One Nation One Ration Card" (ONORC), information can be obtained online at the portal http://www.impds.nic.in/portal.

MAJOR ACHIEVEMENTS DURING 2024-2025:

- Achieved 100% in online Allocation generation and 100% Supply Chain Management.
- Achieved 98.14% RC wise Aadhaar seeding and 97.55% member-wise Aadhaar seeding as on 2nd July, 2025.
- Implementation of Fortified Rice: Achieved the target by covering the entire state with Fortified Rice.
- Under NFSA, food grains allocated to AAY and PHH is issued to the beneficiaries free of cost for another 5 years effective from January 2024 as per decision of the Central Government.

MINERAL EXPLORATION:

Regional Coal Exploration in Melak-Tzurang Valley Coalfield, Mokokchung district, Nagaland

- Regional exploration continued in three blocks of the Melak-Tzurang Valley Coalfield during August 2024-July 2025.

- Tuli-Yimchenkimong block: Total of 1,067.60 m drilling in 4 boreholes completed.
- Waromung block: A total of 1,270 m drilling completed in 7 boreholes. 3,991.90 m of drilling is to be continued till target depth.
- Changki-Mekokla Block: Detailed exploration is proposed to commence after the monsoon season.

Exploration of Mekokla-Changki Coal Block, Wokha and Mokokchung Districts

- Geological mapping at 1:10,000 scale over an area of 13 km2 (Sol toposheet 83J/7) was undertaken to delineate coal seams within the Mekokla-Changki block.
- Identified 2 workable coal seam zones, thickness of approximately 1.0-1.5 m each. Rgional exploration is recommended for refined assessment of seam continuity and resources.

Block Boundary Mapping and Pillaring of Mimi-Pyakatsu and Mimi-Kheti Limestone Blocks, Kiphire District

- Undertaken boundary mapping and DGPS-based pillaring for 2 explored limestone blocks located in Mimi, Khongjiri and Betang villages, covering an area of approximately 8.33 km2.

Preliminary Exploration for Limestone in Khongkha Block, Kiphire District, Nagaland

- Completed 1.60 km2 each of geological mapping (1:4,000 scale) and topographical survey against a target of 2.34 km2 during May-July 2025.

Preliminary Exploration for Limestone in Mimi-Kheti Block, Kiphire District, Nagaland

- Geological mapping (1:4,000) and topographical survey using DGPS have covered 2.2 km2 and 2.6 km2 respectively against a target of 3.54 km2.

Exploration of Limestone in Pang-Chipur Area, Noklak District, Nagaland

- Carried out limestone exploration over 7.6 km2, including geological mapping, chemical and physical laboratory analyses to assess its occurrence and quality associated with the Naga Hills Ophiolites.

Preliminary Investigation of Radioactive Minerals in Selected Areas of Nagaland

- Conducted a preliminary investigation across 10 districts, recording 200 radiation readings (0.16 to 0.32 uSv/h), with higher values in shale formations, especially in Longleng, Zunheboto and Kohima. Collected samples from 7 anomalous sites for detailed analysis, which is currently in progress.

Investigation of Minor Mineral Extraction in Chathe and Dhansiri Riverbeds

- Executed an investigation into the extraction of sand, gravel and boulders from Chathe and Dhansiri rivers under Dimapur and Chumoukedima districts during 2025-26.

GEOTOURISM STUDIES

Investigation of Limestone Caves for Geo-tourism Potential in Noklak District

- Conducted a study and assessed the geo-tourism potential of four limestone caves in Chipur Village, Noklak district in April 2025. Identified Piolingka Cave – approximately 300 ft deep with notable geological formations and relatively better accessibility as the most suitable location for geo-tourism development.

GEOTECHNICAL INVESTIGATION

- Investigation of mini-hydel project potential in Kohima and Chumoukedima districts.
- Geological Investigation of landslides at Viswema village and NH-02, Kohima district.
- Landslides susceptibility mapping of Kiphire town (1:10,000 Scale) Nagaland.
- Landslide mitigation at NH-02 (MS-33) near Chiechama village, Kohima district.

IMPLEMENTATION OF MINERAL RULES & REGULATIONS

Coal:

The department implements the Nagaland Coal Policy and Rules (First Amendment), 2014, oversees coal mining operations, grants Coal Prospecting

License (CPL), Coal Mining License (CML) and Outsourced Gate Coal Depot (OGCD) licenses and collecting loyalties.

Minor Minerals:

- Feasibility study for rooftop rainwater harvesting and artificial recharge were identified across district headquarters with three such structure constructed at Tening town, Sewak colony Dimapur and Phek.
- Conducted water stress area assessment in Noklak, Shamator, Kiphire and Tuensang through hydrological surveys, abstraction census and groundwater quality analysis to support planning.
- Regularly monitored groundwater level at NHNS stations in collaboration with CGWB, NER Guwahati, aiding resource assessment and policy development.
- Conducted 2 nos. of groundwater awareness programme at Sovima and Seithekema village under Chumoukedima district.

CHEMICAL SECTION ACTIVITIES 2025-26

- Analysed 214 mineral samples (192 limestone, 10 magnetite, 4 laterite and 8 shale) by XRF for major and minor oxides.
- Analysed 237 water samples from departmental and private sources across districts for physico – chemical and trace element parameters.
- 7 coal samples underwent proximate analysis and estimation of calorific value.

45th STATE GEOLOGICAL PROGRAMMING BOARD MEETING

- Convened on 29th August 2025 at the Directorate, key highlights of the meeting include:

- Reviewed the progress and outcomes of geological, mineral exploration and groundwater investigation activities undertaken during the previous field season by various central and state agencies.
- Examined priority mineral blocks and prospective areas requiring detailed exploration and resource estimation.
- Deliberated on inter-agency collaboration mechanisms, data sharing and adoption of modern exploration technologies to enhance efficiency and accuracy.
- Emphasised sustainable and environmentally responsible mining practices across the state.

TRANSMISSION

Existing Transmission Infrastructure:

- 220 kV Sub-Stations: Total Installed Capacity – 220/132 kV (100 MVA) and 132/33 kV (20 MVA).
- 132 kV Sub-Stations: Total Installed Capacity – 132/66 kV (280 MVA) and 132/33 kV (220.5 MVA).
- 66 kV Sub-Stations: Total Installed Capacity - 66/33 kV (215 MVA) and 66/11 kV (80 MVA).
- EHV Transmission Lines: Total 220 kV (Inter State) – 62.5 Km; Sub Total 132 kV Line (Intra State)-257km and (Inter State)-152.3, Total 132 kV (Intra State + Inter State) - 409.3 Km; Total 66 kV Line (Intra State) - 438.03 Km.

Transmission Projects:

- Upgradation of Transformation Capacity at 132 kV Sub-station Nagarjan, Dimapur (132/66 kV, 100 MVA-1No & 66/33 kV, 50 MVA-1 No. under NESIDS funded by MDoNER inaugurated in Dec.2025.
- Construction of 220/132 kV(2X100MVA) & 132/33 kV(2X50MVA) sub-station at Diezephe-Chumoukedima with associated transmission lines under PM-DEVINE funded by MDoNER scheduled for completion by September 2026.
- Projects under North Eastern Region Power System Improvement Project (NERPSIP)/World Bank executed by Power Grid:
  - EHV Sub-stations: 235 MVA total capacity.
  - EHV Transmission Lines: 195.112 Km total length.

Intra-State Transmission Plan, State Load Dispatch Centre (SLDC) 2034/35 for Nagaland:

- The project consists of - 12 Nos. of new 132/33 kV Sub-Stations with a total capacity 770 MVA; Augmentation of 5 Nos. of existing substations by 580 MVA; Construction and restringing of 963 km of transmission lines.

DISTRIBUTION & REVENUE

PROJECTS UNDERTAKEN UNDER DEVELOPMENTAL ACTIVITIES (STATE RESOURCES):

- Construction of New 33 kV line from 132/33 kV main power Sub-Station at Pfutsero to 33/11 kV Sub-station at Chizami, at an approved cost of Rs. 285.89 lakhs during FY 2025-26 to be completed over a period of 24 months.

- Construction of New 33 kV line from Sangsangnyu to Tobu headquarters with 33/11 kV, 2.5 MVA Sub-Station, at an approved cost of Rs.463.15 lakhs during FY 2024-25 to be completed over a period of 24 months.
- Construction of 33/11 kV, 1.6 MVA substation along with associated 33 kV, 11 kV and LT line including 2x100 KVA & 63 KVA, 11/.43 kV distribution transformer sub-station at Losami between Chizami and Lanye under Phek district, at an approved cost of Rs.299.27 lakhs during FY 2024-25 to be completed over a period of 24 months.

Upgradation, Repairs & Maintenance of Existing 33/11 KV Sub-Stations:

- Eligible beneficiaries are entitled for total subsidy of Rs. 53,000/- to Rs. 1,35,800/-.
- Target to be achieved by FY 2027 :10,938 nos. of households
  : 32,814 KW RTS Capacity
- Achieved as on Dec. 2025 : 130 nos. of households
  : 440 KW RTS Capacity

SMART METERING UNDER SPECIAL ASSISTANCE TO STATE FOR CAPITAL INVESTMENT (SASCI):

- Sanctioned an amount of Rs. 20 Crs. under SASCI for installation of 18,00 nos. of Smart Prepaid Meters in Dimapur, Chumuokedima and Kohima towns for reduction of Aggregate Technical & Commercial (AT&C) looses, improvement of billing revenue collection and reducing power theft within the targeted area/locality.
- Total Nos. of Meters awarded is 18000 and Numbers of Meters installed as on Dec. 2025 is 15,665.

REVAMPED DISTRIBUTION SECTOR SCHEME (RDSS):

- The scheme is divided into two components:
  - Component- I: Smart pre-paid metering of all Consumers, Distribution Transformer and Feeders
  - Component- II: Loss Reduction works
- Core objective of the RDSS scheme:
  - Improved Quality and Reliability of power supply to consumers.
  - Financial Sustainability and Operationally Efficiency of Distribution sector.
  - Reduce AT&C (Aggregate Technical & Commercial) losses to 12-15%.
  - Reduce ACS (Avg. Cost of Supply)- ARR (Avg. Revenue Realised) gaps to zero.

LINEMAN TRAINING CENTRE (LMTC), DIMAPUR:

- Imparts technical skills required to successfully and safely install, maintain and operate electrical system to the in-service field workers of Power Department.
- The LMTC has conducted training for four batches during the year.
- Since its inception, conducted a total of 201 batches of training where 2424 field staff were trained till Oct. 2025.

REVENUE:

- The Revenue Target for 2025-26 is set at Rs. 516.64 Crore. Total Revenue collection up to December 2025 (Q3) is 203.88 Crore, which saw an increase of 6.21% compared to last FY.
- Power purchase and revenue receipts for the last 2 years
